

Jun Air Oil Lubricated Compressors

Oil Lubricated Models

When a quiet reliable source of compressed air is required, JUN-AIR's oil-lubricated silent-running compressors are the ultimate solution.

JUN-AIR compressors are complete compressed air units with thermal cut-out, adjustable pressure switch, safety valve, gauge and manual or automatic drain cock on the air receiver and are easily installed. They are available with accessories including regulator and filters with manual or automatic drain.

Model	3 motor	6 motor	3-4	6-4	6-15	6-25
